EMERGENCY LIGHT AND EXIT SIGN TEST FORM

IN ACCORDANCE WITH N.J.A.C. 5:70-3.1(a)6, F-611.2

Required emergency lighting systems, including exit signs, shall be tested for proper operation for a minimum of 30 SECONDS every month on regular and standby power. An annual test shall be conducted for at least ONE hour on regular and standby power. It is necessary to ensure exit signs are fully illuminated on regular and standby power. Emergency lighting, including discharge lights outside exit doors, must be examined to ensure bulbs are functional and batteries (if applicable) still are capable of powering the fixture. Equipment shall function properly for the duration of these tests.
